ISSN 1751-1429

### **Publication dates & bibliographical data**

***CactusWorld* 31(1)** 14 Mar 2013.

p. [1]–[76] (76 pp). With 8-page bound-in *BCSS News*, and with separate 4-page *Calendar of events 2013*, 4-page *Notice and agenda of the AGM*, 2-page *Notes on the 2012 accounts*, 1-page advert/order form for *A Gallery of Agaves*, and 4-page *Index to Vol. 30*.

***CactusWorld* 31(2)** 13 Jun 2013.

p. [77]–[144] (68 pp). With 12-page bound-in *BCSS News* and separate 8-page *Directory of officers and branches*.

***CactusWorld* 31(3)** 12 Sep 2013.

p. [145]–[228] (84 pp). With 8-page bound-in *BCSS News* and with separate 4-page *Constitution and Rules*, and 1-page advert/order form for *BCSS Calendar 2014*.

***CactusWorld* 31(4)** 12 Dec 2013.

p. [229]–[312] (84 pp). With 12-page bound-in *BCSS News*, and with separate 4-page *Seed distribution list* and 1-page *Subscription renewal form*.

# Index to Volume 31 (2013)

Compiled by Al Laius

**New names** published in Vol. 31 (2013), with issue number and page of validation.

 Wilhelm, H, Kellner, H & Neumann, A, *Hybridenbuch* .....(1): 69
- Lithops**  
*Lithops archerae* .....(3): 168-169  
*Lithops bella* .....(3): 165  
*Lithops fullerii* .....(3): 165  
*Lithops geyeri* .....(2): 89  
*Lithops halenbergensis* (invalid) .....(2): 87  
*Lithops hallii* .....(3): 166-167  
*Lithops herrei* .....(2): 88, 89  
*Lithops hookeri* var. *susannae* .....(1): 10  
*Lithops insularis* .....(3): 165  
*Lithops karasmontana* .....(3): 166  
*Lithops karasmontana* var. *lericheana* .....(3): 166  
*Lithops localis* 'peersii' .....(3): 166  
*Lithops marmorata* .....(2): 87; (3): 165  
*Lithops* 'Moss Agate' .....(4): 239  
*Lithops optica* .....(2): 89  
*Lithops optica* 'Rubra' .....(2): 88-89  
*Lithops optica* 'Rubragold' .....(2): 87, 88-90  
*Lithops salicola* 'Sato's Violet' .....(2): 87  
*Lithops* 'summitatum' .....(3): 165  
*Lithops verruculosa* .....(2): 88  
*Lithops verruculosa* var. *glabra* .....(3): 169  
*Lithops* \*steineckeana .....(3): 169  
*Lithops wernerii* .....(3): 220-221
- Lobivia**  
*Lobivia (Echinopsis) famatinensis* .....(1): 9  
*Lobivia saltensis* .....(2): 113
- Lophophora**  
*Lophophora williamsii* .....(2): 110, 131
- Maihueniopsis**  
*Maihueniopsis molinoi* .....(1): 65
- Mammillaria**  
*Mammillaria bocasana* 'Fred' .....(3): 205-208  
*Mammillaria bocasana* .....(3): 205, 208  
*Mammillaria grahamii* .....(4): 296  
*Mammillaria herrerae* .....(1): 6; (3): 216  
*Mammillaria heyderi* .....(2): 131  
*Mammillaria johnstonii* .....(1): 6  
*Mammillaria laui* .....(3): 221  
*Mammillaria lenta* .....(2): 132  
*Mammillaria luethyi* .....(4): N34  
*Mammillaria mazatlanensis* .....(4): 296  
*Mammillaria perezdelarosa* .....(2): 108  
*Mammillaria schumannii* .....(1): 6  
*Mammillaria sheldonii* .....(4): 296  
*Mammillaria theresae* .....(2): 10, 107
- Marenopuntia**  
*Marenopuntia marenae* .....(1): 60
- Matucana**  
*Matucana madisoniorum* .....(1): 12
- Micropuntia**  
*Micropuntia barkleyana* .....(4): 257-258  
*Micropuntia brachyrhopalica* .....(4): 257  
*Micropuntia gigantea* .....(4): 256  
*Micropuntia gracilicylindrica* .....(4): 256  
*Micropuntia pulchella* subsp. *gracilicylindrica* comb. nov. ....(4): 256-258  
*Micropuntia pulchella* subsp. *pulchella* .....(4): 255-256, 258  
*Micropuntia pygmaea* .....(4): 256  
*Micropuntia spectatissima* .....(4): 256  
*Micropuntia wiegandii* .....(4): 256
- Mitrocereus**  
*Mitrocereus fulviceps* .....(3): 187-190
- Mitrophyllum**  
*Mitrophyllum abbreviatum* .....(4): 276
- Myrtillocactus**  
*Myrtillocactus schenckii* .....(3): 189-192
- Neobuxbaumia**  
*Neobuxbaumia macrocephala* .....(3): 188  
*Neobuxbaumia scoparia* .....(3): 194-195  
*Neobuxbaumia tetetzo* (and var. *nuda*) .....(3): 188, 190, 195
- Notocactus – see Parodia**
- Obregonia**  
*Obregonia denegrii* .....(3): 164
- Opuntia**  
*Opuntia brachyrhopalica* .....(4): 257  
*Opuntia cymochila* .....(3): 218  
*Opuntia gracilicylindrica* .....(4): 256  
*Opuntia marenae* .....(1): 55, 60  
*Opuntia microdasys* .....(4): 298  
*Opuntia* 'Pony' .....(3): 218  
*Opuntia pygmaea* .....(4): 256  
*Opuntia reflexispina* .....(1): 60  
*Opuntia spectatissima* .....(4): 256  
*Opuntia tuberculosirhopalica* .....(4): 257  
*Opuntia wiegandii* .....(4): 256
- Orbea**  
*Orbea macloughlinii* .....(4): 287  
*Orbea prognatha* .....(4): 284-285
- Oreocereus**  
*Oreocereus celsianus* .....(4): 295-296  
*Oreocereus maximus* .....(4): 295
- Oroya**  
*Oroya peruviana* .....(1): 4
- Pachypodium**  
*Pachypodium geayi* .....(4): 240  
*Pachypodium densiflorum* .....(4): 240  
*Pachypodium horombense* .....(1): 11  
*Pachypodium rosulatum* var. *gracilius* .....(1): 29
- Parodia**  
*Parodia herzogii* .....(2): 116  
*Parodia magnificus* .....(1): 12  
*Parodia microsperma* subsp. *herzogii* comb. & stat. nov. ....(2): 111-117  
*Parodia sanguiniflora* .....(2): 117  
*Parodia weberiana* .....(2): 116-117
- Pediocactus**  
*Pediocactus peeblesianus* .....(1): 5  
*Pediocactus simpsonii* var. *minor* .....(1): 36
- Pendulluma**  
*Pendulluma Plowes* gen. nov. ....(2): 103-104  
*Pendulluma procumbens* .....(2): 103-104
- Peperomia**  
*Peperomia columella* .....(3): 203-204  
*Peperomia nivalis* .....(3): 203-204  
*Peperomia 'Leprechaun'* .....(3): 203-204
- Pests & diseases**  
 Snails .....(4): 269
- Petrosedum**  
*Petrosedum xaffomarcoides* comb. nov. ....(1): 67-68  
*Petrosedum xlateolum* .....(1): 67
- Philately, Numismatics and collectables**  
 A British coin featuring a cactus .....(4): 298
- Phyllocactus**  
*Phyllocactus phyllanthoides (Disocactus)* .....(4): 266
- Pilosocereus**  
*Pilosocereus chrysacanthus* .....(3): 195  
*Pilosocereus quadricentralis* .....(3): 193-194
- Places & maps**  
 Aramberri, Mexico .....(4): 251-252  
 Barranca del Infiernillo, Mexico .....(1): 40-41  
 Buitenstekloof, S. Africa .....(3): 181  
 Callao, Utah, USA .....(4): 257  
 Cafayate, Argentina .....(2): 111

- Plectranthus**  
*Plectranthus coeruleus* .....(4): 293-294  
*Plectranthus ernstii* .....(4): 293-294
- Poellnitzia**  
*Poellnitzia rubriflora* (see *Tulista rubriflora*) .....  
.....(4): 297
- Polaskia**  
*Polaskia chende* .....(3): 189, 193  
*Polaskia chichipe* .....(3): 192, 194
- Prometheum**  
*Prometheum tymphaeum* .....(3): 217
- Pseudolithos**  
*Pseudolithos migiurtinus* .....(1): 12
- Pseudorhipsalis**  
*Pseudorhipsalis amazonica* subsp. *chocoensis*  
.....(4): 292
- Pterocactus**  
*Pterocactus australis* .....(1): 26  
*Pterocactus decipiens* (*P. tuberosus*) .....(1): 26  
*Pterocactus marenae* .....(1): 60  
*Pterocactus* (genus) .....(1): 59-60
- Rebutia**  
*Rebutia* National Collection .....(2): 91-98  
*Rebutia cardenasiana* (*Weingartia langeri*) .....  
.....(2): 95  
*Rebutia marsoneri* × .....(2): 97  
*Rebutia mentosa* (*Weingartia*) .....(2): 95  
*Rebutia pumila* .....(4): 282  
*Rebutia pygmaea* (*Aylostera atrovirens*) (2): 93  
*Rebutia senilis* .....(2): 115  
*Rosa rugosa* .....(4): 294
- Sansevieria**  
*Sansevieria aethiopica* .....(3): 184  
*Sansevieria fischeri* .....(1): 37  
*Sansevieria horwoodii* .....(4): 298  
*Sansevieria kirkii* var. *pulchra* .....(1): 4  
*Sansevieria pinguicula* .....(1): 7  
*Sansevieria singularis* .....(1): 37
- Sclerocactus**  
*Sclerocactus uncinatus* .....(2): 129
- Sedum**  
*Sedum caeruleum* .....(4): 292-293  
*Sedum montanum* .....(1): 67  
*Sedum nuttallianum* .....(3): 174  
*Sedum reflexum* (*S. rupestre*) .....(1): 67  
*Sedum ×affomarcoi* .....(1): 67
- Selenicereus**  
*Selenicereus grandiflorus* .....(4): 266
- Stapelia**  
*Stapelia gigantea* .....(1): 66  
*Stapelia prognatha* .....(4): 283, 286-291
- Stenocereus**  
*Stenocereus chacalapensis* .....(3): 195
- Strombocactus**  
*Strombocactus corregidorae* .....(1): 3, 39-44, 76  
*Strombocactus disciformis* .....(1): 39  
*Strombocactus disciformis* subsp. *esperanzae*  
.....(1): 17-18, 39  
*Strombocactus disciformis* subsp. *jamilae* .....  
.....(1): 39
- Tephrocactus**  
*Tephrocactus geometricus* .....(1): 10  
*Tephrocactus verschaffeltii* .....(1): 65  
*Terrapene coahuila* (Box Turtle) .....(2): 130
- Thelocactus**  
*Thelocactus fossilatus* .....(1): 6
- Trichocereus**  
*Trichocereus angelesiae* .....(2): 112-113  
*Trichocereus pasacana* .....(2): 109
- Tulista**  
*Tulista aristata* (was *Aloe aristata*) .....(4): 297  
*Tulista herrei* (was *Astroloba herrei*) .....(4): 297  
*Tulista marginata* (was *Haworthia marginata*) ..  
.....(4): 297  
*Tulista rubriflora* (was *Poellnitzia rubriflora*) .....  
.....(4): 297
- Tumboa strobilifera* (syn. *Welwitschia mirabilis*) .....  
.....(2): 120
- Turbinicarpus**  
*Turbinicarpus alonsoi* ..... (1): 16-18  
*Turbinicarpus beguinii* .....(4): 252  
*Turbinicarpus dickisoniae* .....(3): 158  
*Turbinicarpus gracilis* .....(4): 251-252  
*Turbinicarpus gracilis* × *dickisoniae* .....(3): 158  
*Turbinicarpus horripilus* ..... (1): 13-15  
*Turbinicarpus jauemigii* ..... (1): 19-20  
*Turbinicarpus klinkerianus* .....  
.....(3): 151-155; (4): 248-249  
*Turbinicarpus klinkerianus* 'Negrita' .....  
.....(3): 152-153  
*Turbinicarpus klinkerianus* 'lilinkeuiduus' .....  
.....(3): 152-153  
*Turbinicarpus knuthianus* .....(4): 253-254  
*Turbinicarpus krainzianus* f. *minimus* .....  
.....(1): 15-16  
*Turbinicarpus laui* .....(4): 254  
*Turbinicarpus longispinus* .....(3): 155, 157  
*Turbinicarpus lophophoroides* .....(1): 17-18  
*Turbinicarpus macrochele* .....  
.....(3): 155-157; (4): 248  
*Turbinicarpus macrochele* subsp. *frailensis* .....  
.....(3): 156; (4): 253
- Turbinicarpus mysakii* .....(3): 150, 152-153  
*Turbinicarpus panarottoi* ..... (4): 249-250  
*Turbinicarpus polaskii* .....(3): 156  
*Turbinicarpus pseudomacrochele* .....(1): 15-16  
*Turbinicarpus pseudopectinatus* .....  
.....(1): 20; (4): 251  
*Turbinicarpus rioverdensis* .....(1): 18-19  
*Turbinicarpus 'rubiflorus'* .....(3): 157  
*Turbinicarpus saueri* subsp. *nelissae* ..(4): 253  
*Turbinicarpus schmiedickeanus* .....  
.....(3): 149-152; (4): 247  
*Turbinicarpus schmiedickeanus* subsp. *andersonii*  
.....(3): 150, 152; (4): 249  
*Turbinicarpus schmiedickeanus* subsp. *gracilis*  
.....(3): 157-158  
*Turbinicarpus schwarzii* ..(3): 154-155; (4): 253  
*Turbinicarpus subterraneus* .....(4): 251, 262  
*Turbinicarpus* sp. aff. *panarottoi* 'Sandia el Grande'  
.....(3): 150, 152  
*Turbinicarpus* sp. 'Santa Rita' .....(3): 150-151  
*Turbinicarpus valdezianus* .....(4): 250  
*Turbinicarpus viereckii* .....(4): 247  
*Turbinicarpus ysabelae* .....(1): 19-20  
*Turbinicarpus zaragozae* .....(4): 252
- Tylecodon**  
*Tylecodon aridimontanus* .....(1): 8  
*Tylecodon reticulatus* .....(2): 180  
*Tylecodon similis* .....(1): 8
- Weingartia**  
*Weingartia langeri* (*Rebutia cardenasiana*) .....  
.....(3): 150-151  
*Weingartia mentosa* (*Rebutia mentosa*) .....(2): 95
- Welwitschia**  
*Welwitschia mirabilis* .....(2): 119-126
- Yucca**  
*Yucca arkansana* .....(3): 177  
*Yucca glauca* .....(3): 175
- Corrections:**  
*CactusWorld* 31(3): 212. The *Chamaecereus* hybrid 'Meryl Sweeney' was not produced by Pat Sweeney but was created by Ralph Northcott.  
- 31(3): 194. Fig. 13 caption and on page 195 *Cephalocereus apicephalium* should read *Cephalocereus apicephalium*.  
- 31(3): 213-214. *Juniper procera* should read *Juniperus procera*.  
- 31(3): 221. *Mammillaria lauii* should read *Mammillaria laui*.  
- 31(4): 231. Front cover picture is *Crassula pyramidalis* not *C. columnaris*.
