ISSN 1751-1429

### **Publication dates & bibliographical data**

***CactusWorld* 42(1)** 14 Mar 2024.

p. [1]-[84] (84 pp). With 12-page bound-in *BCSS News* and 2×2 pages of *Cultivation Notes*.

***CactusWorld* 42(2)** 14 Jun 2024.

p. [85]-[180] (96 pp). With 4-page bound-in *BCSS News* and 2×2 pages of *Cultivation Notes*.

***CactusWorld* 42(3)** 13 Sep 2024.

p. [181]-[260] (84 pp). With 8-page bound-in *BCSS News*, 4-page Draft *BCSS Constitution* and 2×2 pages of *Cultivation Notes*.

***CactusWorld* 42(4)** 11 Dec 2024.

p. [261]-[344] (84 pp). With 12-page bound-in *BCSS News* and 2×2 pages of *Cultivation Notes*.

# Index to Volume 42 (2024)

Compiled by Al Laius

**New names** published in Vol. 42 (2024), with issue number and page of validation:

*Aloe kaysei* Awale, Gelle & Matheka sp. nov. (1): 14  
*Ceropegia sideralis* Peckover sp. nov. (3): 244

**Key:** Issue number shown in brackets.

Illustrations underlined.

BCSS News pages indicated with an 'N'. Generic names in bold are valid names accepted by the author.

Generic names not in bold are either invalid, not accepted by the author, or of lesser importance such as non-succulents.

A key to other abbreviations and conventions may be found in the online index to *Bradleya*.

## Adansonia

*Adansonia digitata* .....(3): 252  
*Adansonia grandidieri* .....(3): 252  
*Adansonia gregorii* .....(3): 252  
*Adansonia perrieri* .....(3): 252  
*Adansonia rubrostipa* .....(3): 252  
*Adansonia suarezensis* .....(3): 252  
*Adansonia za* .....(3): 252

## Adromischus

*Adromischus cooperi* .....(4): 298  
*Adromischus nanus* .....(1): 50

## Aeonium

*Aeonium aureum* .....(2): 109  
*Aeonium davidbramwellii* .....(2): 110  
*Aeonium glandulosum* .....(2): 112  
*Aeonium lancerottense* .....(2): 113  
*Aeonium simsii* .....(2): 109, 112  
*Aeonium smithii* .....(2): 111, 112

## Agave

*Agave albopilosa* .....(2): 174  
*Agave americana* .....(1): 35-36; (2): 165, 167; (4): 287  
*Agave angustifolia* .....(2): 165, 167  
*Agave bracteosa* .....(2): 174  
*Agave ellemeetiana* .....(2): 174  
*Agave lechuguilla* .....(4): 283  
*Agave lurida* .....(2): 165, 167  
*Agave montana* .....(4): 331  
*Agave shawii* .....(3): 183, 260  
*Agave sisalana* .....(2): 165, 167  
*Agave striata* .....(2): 174  
*Agave stricta* .....(2): 174

## Airampoa

*Airampoa corrugata* .....(3): 204

## Aloe

*Aloe amoena* .....(2): 175  
*Aloe anodonta* .....(1): 12  
*Aloe arborescens* .....(2): 165, 167; (4): 266  
*Aloe chlorantha* .....(2): 175  
*Aloe elegantissima* .....(1): 12  
*Aloe eminens* .....(1): 12

*Aloe ferox* .....(2): 93; (4): 266  
*Aloe framesii* .....(2): 175  
*Aloe framesii* subsp. *amoena* .....(2): 175  
*Aloe framesii* subsp. *maraisii* .....(2): 175  
*Aloe gariensis* .....(2): 175  
*Aloe glauca* .....(4): 266  
*Aloe grandidentata* .....(2): 165, 167  
*Aloe harlana* .....(2): 94  
*Aloe heybensis* .....(1): 12  
*Aloe humilis* hybrid .....(4): 302  
*Aloe juttae* .....(2): 175  
*Aloe kahinii* .....(1): 12  
*Aloe kaysei* .....(1): 11-17  
*Aloe khamiesensis* .....(2): 175  
*Aloe khamiesensis* subsp. *hantamensis* .....(2): 175  
*Aloe khamiesensis* subsp. *knersvlakensis* .....(2): 175  
*Aloe knersvlakensis* .....(2): 175  
*Aloe lateritia* .....(3): 239  
*Aloe lindenii* .....(1): 12  
*Aloe megalacantha* .....(1): 11, 14-15, 16  
*Aloe microstigma* subsp. *juttae* .....(2): 175  
*Aloe microstigma* subsp. *microstigma* .....(2): 175  
*Aloe nigrimontana* .....(1): 12  
*Aloe nugalensis* .....(1): 12  
*Aloe officinalis* .....(1): 12  
*Aloe orlandi* .....(1): 12  
*Aloe parvidens* .....(1): 11, 14-15, 16  
*Aloe perfoliata* .....(2): 165, 167  
*Aloe pictifolia* .....(2): 175  
*Aloe rubrodonta* .....(1): 12  
*Aloe sanguinalis* .....(1): 13  
*Aloe spicata* .....(2): 165, 167  
*Aloe succotrina* .....(2): 175  
*Aloe vera* .....(2): 165, 167

## Aloidendron

*Aloidendron barberae* .....(2): 90  
*Aloidendron dichotomum* .....(2): 90, 94, 95, 96, 97  
*Aloidendron eminens* .....(1): 12, (2): 90, 97  
*Aloidendron pillansii* .....(2): 85, 87, 89-99  
*Aloidendron ramosissimum* .....(1): 43; (2): 90, 94, 95, 96, 97  
*Aloidendron tongaense* .....(2): 90, 97

## Aporocactus

*Aporocactus flagelliformis* .....(3): 239

## Aporophyllum

*Aporophyllum* 'Yvonne Paetz' .....(1): 24

## Ariocarpus

*Ariocarpus fissuratus* .....(4): 287  
*Ariocarpus fissuratus* var. *lloydii* .....(4): 287

## Arrojadoa

*Arrojadoa* (*Stephanocereus*) *luetzelburgii* .....(2): 120, 122, 123

## Armatoocereus

*Armatoocereus laetus* .....(2): 131

## Arthrocerus

*Arthrocerus melanurus* .....(4): 328

*Arthrocerus rondonianus* .....(4): 328-329

## Astrophytum

*Astrophytum capricorne* .....(4): 288, 289  
*Astrophytum coahuilense* .....(4): 284

## Austrocylindropuntia

*Austrocylindropuntia subulata* .....(3): 254  
*Austrocylindropuntia vestita* .....(1): 33-34

## Aylostera

*Aylostera albopectinata* .....(1): 18  
*Aylostera fiebrigii* .....(2): 107  
*Aylostera heliosa* .....(1): 18  
*Aylostera* "leopygmaea" .....(3): 225  
*Aylostera mamilliosa* .....(1): 18  
*Aylostera perplexa* .....(4): 301  
*Aylostera pygmaea* .....(3): 225  
*Aylostera rovidana* .....(3): 225  
*Aylostera suphuthiana* .....(1): 18

## Aztekium

*Aztekium hintonii* .....(3): 181, 183

## Beaucarnea

*Beaucarnea hookeri* .....(3): 217

## Borzicactus

*Borzicactus icosagonus* subsp. *roseiflora* .....(1): 24

## Calibanus

*Calibanus hookeri* (See *Beaucarnea*) .....(3): 217

## Carnegiea

*Carnegiea gigantea* .....(1): 19-22; (2): 101-105, 108

## Carpobrotus

*Carpobrotus edulis* .....(2): 165

## Cephalocereus

*Cephalocereus apicicephalium* .....(1): 64-65  
*Cephalocereus columna-trajani* .....(1): 65-66  
*Cephalocereus fulviceps* .....(1): 65, 67-68  
*Cephalocereus senilis* .....(1): 66, 67-68; (4): 317  
*Cephalocereus totolapensis* .....(1): 65

## Cephalopentandra

*Cephalopentandra ecirrhusa* .....(1): 31-32

## Cereus

*Cereus jamacaru* .....(2): 123, 124

## Cerochlamys

*Cerochlamys gemina* .....(4): 291-292

## Ceropegia

*Ceropegia occidens* .....(3): 241-245  
*Ceropegia sideralis* .....(3): 241-245  
*Ceropegia spathulata* .....(3): 241  
*Ceropegia woodii* .....(3): 219-220

## × Chamaelobivia

× *Chamaelobivia* 'Lincoln Gem' .....(4): 300

## Chazaroa

*Chazaroa calycosa* .....(2): 176  
*Chazaroa valvata* .....(2): 176  
*Chazaroa yalmanantlanensis* .....(2): 176

## Chlorophytum

*Chlorophytum comosum* .....(2): 165, 167

**Circandra***Circandra serrata*.....(3): 220**Cistanthe***Cistanthe paniculata*.....(2): 166, 167**Cleistocactus***Cleistocactus colademononis*..(4): 329*Cleistocactus* 'Passchendaele' (4): 312*Cleistocactus samaipatanus*.....(1): 24*Cleistocactus trausii*.....(3): 217*Cleistocactus wendlandiorum* × *sticaldena*

**Societies and Shows (other than BCSS)**

Royal Caledonian Horticultural Society (Caley).....(3): N20  
 The second Autumn Cactus and Succulent Show at RHS Harlow Carr .....(4): N27

**Errata:**

*CactusWorld 42*(1): 74 – *Echeveria cuiccatecana* and *Jeronomoa cuiccatecana* are both misspelled. The correct spelling should be *Echeveria cuiccatecana* and *Jeronomoa cuiccatecana*.  
*CactusWorld 42*(1) – Front cover caption should be titled *Echeveria secunda* (not *Echeveria secunda* var. *glauca*).
